Hello [everyone](#)

I wanted to take a minute to update everybody on the status of our discussions with the gaming group mentioned in the last update. We are getting closer but there remain some outstanding issues. This group is looking to refinance some of their existing operations at the same time that they are discussing our financing and that is adding extra time and an extra layer of difficulty to the process. In essence they are looking for a blanket mortgage over a number of properties. I can say that we are definitely moving forward. As we work with this group we also need to keep AGLC in the loop as we do not want to do anything that would compromise our license application. The moment that we have something definitive I will let everybody know via our website.

HRA held a board meeting last week and the gaming group updated them on their status and voiced their continued support for the project.

[As always your comments and support are very much appreciated.](#)

[Yours truly,](#)
